Yorks Forfeit a Game to St. Louis-Boston Outplays Louisville and Baltimore Defeats Chicago - Pittsburg and Washington Break Even on Two Games.

The Brooklyns won their ninth straight game yesterday, defeating the Cincinnatis by fast ball playing. They had a chance to take first place, but the New Yorks, while ahead in the score, refused to abide by the decision of the umpire and forfeited to St. Louis. This procedure places the New York Club in the same last year. The League, by enforcing the requirements of the constitution, can inflict a penalty of not less than \$500 nor more than \$1,000 for the failure of the team to continue play. As it is, the New Yorks have dropped to tenth place, the Pittsburge, by virtue of breaking even with the Washingtons in a fouble-header, passing them and tieing the Louisvilles, who were signally outplayed by the Bostons. The Baltimores treated the Chi-cagos to a setback and the Philadelphia-Cleveland game was prevented by cold weather. The Cincinnatis surrendered fifth place to the Quakers. The results:

Brooklyn, 7; Cincinnati, 5. St. Louis, 9; New York, 0 (forfeited).

Boston, 18; Louisville, 4. Raltimore, 4; Chicago, 2. Pittsburg, 11; Washington, 4 (first game) Washington, 10: Pittsburg, 2 (second game At Cleveland—Cold weather.

BROOKLYN, 7; CINCINNATI, 5.

like Selbach would reach and Casey and Kelley tied the score. Anderson went out, McPhee to Beckley.

Cincinnati forged ahead in the fifth with two runs. Brooklyn took the lead in the sixth and was never headed. Kennedy went out. Corcoran to Beckley, and Casey flied to Selbach. Keeler bunted safety and then Swartwood called a balk on Taylor, which sent Kelley to first. Twas a fatal motion, for Dahlen cracked out a double past Smith, Keeler and Kelley scoring. McPhee made a great stop of Anderson's single, and while doubled up threw past Beckley, Dahlen scoring. McGann went out, Steinfeldt to Beckley. Kelley's triple was responsible for another run in the eighth. The Reds opened well on Kennedy in the first inning and scored twice. Selbach poked the ball over Keeler's head for a double and scored on Smith single to centre. Keeler made a great knockdown of Corcoran's single, and when Steinfeldt wentout, Daly to McGann, Smith scored. McPhee filed to Kelley and Miller was easy. Dahlen to McGann.

In the fourth Beckley doubled down the right line and scored on Wood's crack to the same territory. Wood tried for second and was nailed. Keeler to Dahlen. Phillips singled to left and Selbach walked, but Smith filed to Kelley and Corcoran fouled to Casey. The Reds' last pair of tallies in the fifth were made as follows: Steinfeldt went out, Daly to McGann, but McPhee hit over Casey's head, Miller filed to Kelley and then Beckley striple tocentre scored McPhee. Casey juggled Wood's grounder, Beckley scoring and Taylor singlet to left, but Selbach filed to Anderson. The score:

CONDITION OF NEARBY ROADS AS REPORTED BY L. A. W. MEMBERS. 67 CORTLANDT ST.

Secretary-Treasurer Bull's Instructions to Intending Tourists Seeking Information

Club Runs To-Morrow Opening of
Racing Season at Ambrose Park.

Generally the roads about this section, both macadam and dirt, are in good riding shape. Some of the local conditions as reported by the L. A. W. members follow: The West Farms road, from the vicinity of Westchester avenue to West Farms, is closed. Webster avenue is generally fair. The strips on West-chester avenue have been repaired, but the avenue from the end of the strips to the Southern Boulevard is poor. The direct road between West Farms and Morris Park race-track is almost unridable. White Plains avenue is fair to good. Alexander and Willis avenues are also good. Jerome avenue is fair. Warburton avenue above the asphalt is being torn up and is unridable. This thoroughfare will be macadamized. The roads to Port Jervis, Milford and the Delaware Water Gap are now in excellent shape. On Long Island the conditions are fine and there is good riding in almost every direction. Long Island. with its labyrinth of cycle paths and its new becoming a cyclists' paradise.

Attention is again called to the fact by Secretary-Treasurer Bull of the New York State Division of the L. A. W. that he will furnish information to touring cyclists concerning routes to points within fifty miles about New York. Riders should inclose a self-addressed and stamped envelope for reply to Secretary-Treasurer Bull at 132 Nassau street, and should allow for several days' time, as it is often necessary to do some correspondence in order to obtain up-to-date information.

those who want to join in some club run to Road Club, open to all, will start from Bedford Fountain, from which place will be scarted also a closed century run under the auspices of the Vigilant Bievele Club, with only members and invited friends, participating. tries will close with Albert Ivinny, State Centrion, New Jersey division, Passaic, N. J.

The racing season will open to-day with a meet at the Ambrose Park track, Brooklyn, under the jurisdiction of the N. C. A. The programme is an attractive one, with nearly all the prominent riders, both amateur and professional, entered for competition. Bald, Gardiner and "Major" Taylor are the only ones of note missing from the entry list. Taylor is in a class by himself as L. A. W. champion and the other two are not yet in racing form. The attractions on the eard include a multicycle race in which Harry Elkes, on a single, will ride against a tandem, a triplet, a "quad" and a "quint." In the Wild Weet Handicap McFarland, Kimble and - Cooper will be on scratch and Albert Schock, the former six-day champion, on the 200-yard mark. A special feature will be an attempt by Harry Elkes to make a new record for one mile, with a motor bleycle pacing him. The record is 1 minute 31 4-5 seconds, held by "Major" Taylor, whom, the other riders shun because of his color, 'they say.

Berkeley Oval was the scene of spirited bicycle races yesterday atternoon when the trial
heats of the third and one mile for the New
York interscholastic championship were decided. The finals will take place at the twentyfirst annual spring games of the association
this afternoon. Both events yesterday were run
off in three heats, the first two riders to qualify
for the finals. The heavy shower previous to
the start left the track in poor condition.
Le Roy See of Berkeley School rode in his oldtime style, finishing second in the third, and
first in the one mile. Strange, the young rider
from Columbia Grammar School, showed a
marked improvement in his work, and is looked
upon to give both See and McClave of Trinty
School a hard race in the finals. Summary:

The work of building two asphalt bicycle paths from the entrance of the Thirty-fourth street ferry in Long Island City to the city line near Newtown was begun yesterday. The bicycle paths are to be three feet from each curb line and will run along Borden, Jackson and Thompson avenues and meet the Hoffman boulevard at the city line. The two paths are to cost \$17,000 and the contract calls for the completion of the work within sixty days, Originally it was intended to build a second path, from the entrance to the Ninety-second street ferry at Astoria, but the appropriation of \$22,000 was not nearly sufficient for both routes, so one had to be given up.

STRACTSE, May 19.—Horsemen are up in arms over the announcement made to day by W Judson Smith, general manager of the State Fair Association, that here would be no races at the fair this year, except for the benefit of the breeders. The horsemen say has the State Fair it the only ulace where an absofor me senent or the breeders. The horsemen say that the State Fair is the only place where an absolutely fair programme of sport can be had owing to the enforced ansence of bookies. The reason given by Mr. Smith is that Syracuse already has too many race meetings to make it profitable. The races heretofore have been about the only paying feature of the fair.

As Mannie Himyar's dam produced Hamburg, by Hanover, this foal is regarded as the most valuable sucking in Kentucky, and the venerable Major Thomas, who owns it, is correspondingly happy. Sunny Slope, an excellent race mare, has foaled a chestnut filly by Applegate, which is her first foal.

Good attractions are stated to-night at the Pelican and Greenwood athletic clubs. At the former Jim Kearnts of Boston is to meet Kid Carter, the lanky Brooklyn lightweight, while at the Greenwood Sully Smith will make his first appearance since he was defeated by Oscar Gardner. He will meet Frank Patterson in a twenty-round contest. There will be the usual preliminary bouts.

Schaefer and Slosson practiced yesterday for the second game of the billiard match at the Lenox Lyceum next Monday evening. The "Wizard" was ill in the afternoon, but played his usual game of 200 points, cushion carroms, at Ives's Academy in the evening, having as his opponent Florian Tobias of the Knickerbocker A. C. He averaged 9 11-21, with high runs of 55, 45 and 29. Tobias scored 68 points. The "Wizard" played in good form in the lat-ter part of the game, clicking off 190 buttons in the last nine innings.

The wiseacres declare that "Napoleon" Ives would be pleased to get a match on with either Schaefer or Slosson at eighteen-in-b bulk line. Ives said last night that he was willing to necept a challenge, but not for a single evening's play. "Nothing less than three nights continuous play will suit me," he said, and I prefer five nights. Say five nights, 600 points each night, 3,000 in all, is what I would like best. The fact that Ives has been at his own academy practicing every afternoon this week leads those who know him best to believe that he has a match in view. On Thursday evening he made a high run of 127 in playing against J. Byron Stark of the Knickerbocker A. C. Last night he practiced against W. H. Thacher. Thacher, Ives and Harrrison are hard at work practicing for the four-handed cushion-carron, match to be held at Ives's academy next Thursday and Friday evenings. Harrison made a run of 11 points yesterday afternoon, the best ever made in Ives's rooms.
